I just thought as the accountant you could find it quicker but I will look up the filings.

Hi Jen,

Copying in Lydia and Damian as well. We discussed this with Dan and were not aware of any Targets set. I don't believe a Target is referenced in the Board minutes or compensation committee minutes. I remember asking Dan to reach out to Lucosky to understand Grant's contract in more detail (if this is why you need the details below) but we never received any reply. As no Target analysis was ever completed or approved that I am aware of, we had nothing on the books accrued going back to 2020.

Thank you,
Mike

Hi Michael, can you give me the following:

Company Target for 2020, 2021, 2022 and the Actual achieved. IF it is easier, just give me the % of the target achieved each year. Thanks
